

# Career Development Sessions For Individuals

**Leadership Dialogue International is offering Career Development sessions for the first time. The sessions will support you to:**

- ***Step up your career whether through getting promoted in the same organisation or making a job change***
- ***Switch from a career that is not fulfilling and find your real purpose and passion***
- ***Jump start your career after a long break***

*Through the individual sessions, you will explore:*

- *Your career goal and why it is important to you*
- *Your current status: what you have tried, where you are getting stuck*
- *The actions and behaviors you need to take to get unstuck and maximize your potential for career fulfillment.*

## **Approach:**

Exploring personal purpose and motivation

Identifying brand manifesto and how to sell your skills

Market requirements and personal competencies' gap analysis

Live practice of interview settings, presentations and case studies

Psychological support and anxiety reduction techniques
